

LONG BEACH ELEMENTARY

Project Information

Site Area: 9.2 Acres

Project: Topographic Map & Parking Lot Redesign

Scope

MeritCorp worked with the design team to develop an efficient solution for vehicle and bus traffic and expanded the bus drop. Scope included schematic design, development design, construction documents and construction administration. Upon completion of construction MeritCorp provided as-constructed plans showing all site improvements.

Client

Long Beach Elementary School

Oswego Community Unit School District 308
(CUSD 308)
