FIRM EXPERIENCE

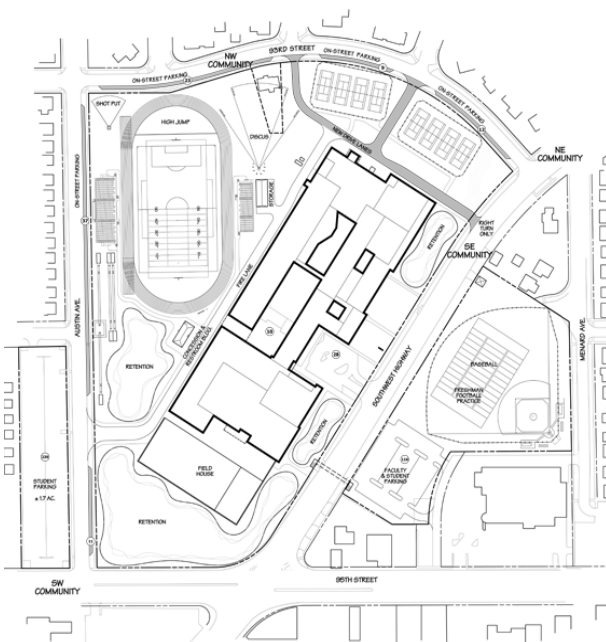

## *Project Profile*

Oak Lawn Community High School,  
Oak Lawn Community School District 229

MeritCorp was integrally involved in all phases of this project from master land use plan thru schematic design.

The project scope includes planning and preliminary design of 8 new tennis courts, new artificial turf athletic field, sewer and water service to concession stands, new baseball dugouts bleachers and combination concession stand/press box and stormwater management facility (MWRD) for all new improvements.

MeritCorp worked closely with the School Board, design team and general contractor and assisted District 229 in obtaining permits required for construction of artificial turf football field and track reconstruction.
